What's new for 2019?

For over 40 years Maine Sport Outfitters has been providing top notch gear and excellent service to the healthy-minded and outdoor enthusiast packed community of Midcoast Maine. It's been an exciting year for us thus far and we're thrilled to be able to share with you our new outdoor programs and improvements to our retail locations.

We kicked off 2019 with renovations to our Rockport store: expanding our footwear, apparel and fishing departments, reorganizing our bike and ski shop, and installing 182 solar panels on our roof. To better assist seasonal visitors, our downtown Camden location now features its own outdoor programs information desk and access to rental bikes.

The Outdoor Programs Department has introduced a variety of new programs this year including guided road biking tours, guided mountain biking tours, guided fishing trips, and a Leave No Trace Master Educator Course in conjunction with the Appalachian Mountain Club. Learn more about these new programs right here in our booklet or visit our website: www.mainesport.com.
